

Oxamin[®]

Powder

DIN 02143100

INDICATIONS

As an aid in the treatment of chronic bloat, atony of the rumen, engorgement (grain overload) and toxic indigestion in cattle. Provides antacid, ruminatoric and carminative action without dehydration.

DESCRIPTION

- Ruminatoric powder for suspension in water for cattle.
- Contains magnesium oxide, working quickly, to neutralize acid in the rumen.
- Stimulates natural buffering, protects the gut and is effective for upset rumens in beef and dairy cattle.

PACKAGING

ITEM NO.	UNIT PACKAGE	CASE SIZE
10XA001	454 g	12

See reverse side for Administration and Dosage.

Oxamin[®]

Powder

DIN 02143100

Veterinary Use Only

ACTIVE INGREDIENTS: Each 28.35 g contains:

Magnesium Oxide	15 g
Kaolin	12.37 g
Sodium Thiosulphate Pentahydrate	1100 mg
Ginger	75 mg
Capsicum	75 mg

INDICATIONS:

As an aid in the treatment of chronic bloat, atony of the rumen, engourgement (grain overload) and toxic indigestion in cattle. Provides antacid, rumiatic and carminative action without dehydration.

DOSAGE AND DIRECTIONS:

Mature Cattle: Suspend the contents of this package (454 g) in 2.27 L (two quarts) or more of water by stirring. When well mixed, administer orally or as a drench with a stomach tube 1 to 2 times a day for 2 to 3 days or use as recommended by your veterinarian. Keep suspension well agitated during administration.

CAUTIONS:

If no improvement is observed within 12 hours, consult a veterinarian. In cases of excessive grain ingestion, consult a veterinarian immediately.

WARNING: Keep out of reach of children.

STORAGE:

Protect from excessive heat and moisture.
